| 1    | 12v battery, tyre and glass                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | 1 year or 20,000km   |
| 2    | Air filter (element), fuel filter (element), oil filter (element), A/C filter (element), spark plugs, fuses and ordinary relay (excluding integrated control unit), wiper blades, brake pads, brake discs, CV boots, bush, gasket, hub bearing, release bearing, belts, bulbs and remote-control batteries.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | 6 months or 5,000km  |
| 3    | Power battery assembly. The battery State of Health level shall not be less than 70% within the warranty period. Drive motor, motor control module.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | 8 years or 200,000km |
| 4    | Forthing Parts and Accessories other than those set out in items 1, 2, 3 above.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | 7 years/200,000Km    |
| 5    | Anti-perforation Warranty Covers rust-through corrosion of painted metal body panels occurring from the inside or underside, which is caused by defects in materials or workmanship during the original vehicle manufacturing process, or quality issues in the original paint application process. This warranty does not cover shallow damages such as surface corrosion, paint blistering, scabbing, peeling, or fading. It also excludes corrosion and damages caused or aggravated by insufficient or improper maintenance/operation, external impact (including foreign object collision and unprompted handling after scratches), or environmental factors (such as pollution, acid rain, salt-alkali erosion, and damp mildew). Additionally, any corrosion caused by external factors beyond the brand's control (such as long-term outdoor storage, failure to perform anti-rust treatment after accidental damage, or contact with corrosive substances) is not covered by this warranty. | 7 years/200,000Km    |
